

STAFFORD SENIOR CARE MANAGEMENT SERVICES

Care Coordination ~ (Transitional) Housing ~ Strength-Based Approach

Brian D. Harris

Brian D. Harris is native of South Memphis. He is a graduate of Southside High School and later moved to Atlanta. He and his wife are the proud parents of 5 children. His passion for veterans come from one on one conversation with the men and women who come home after putting their lives on the line to a less than supportive environment. Through no fault of their own they suffer from depression and sometimes life's most atrocious memories. He was taught to see people first and veterans second. He believes homeless Veterans are just men and women who have hopes and dreams and a desire to return to a normal life. He reminds himself that no homeless person grew up planning to be homeless, something happened and we should be interested enough in our fellow man to help them through a difficult time. Homelessness is result of something that most of us will never know and he hopes Stafford Senior Care Management Service will aide in helping individuals get their life back. Helping people is his heart. When people have been torn down you have be to be willing to support them and love them through their struggle while they work to rebuild. He is proud to help serve the people of Memphis, TN.

I am very excited to have this oppportunity to give back in a place that will always be home to me.
